

Dear \_\_\_\_\_,

I was so glad to see you back in choir and am thankful you will be singing with us again in the \_\_\_\_\_ Choir. Sometimes due to circumstances in life, changes have to be made for a time but it is good that you were able to return to the music ministry here at \_\_\_\_\_.

I want to remind you that I consider myself your worship pastor and I take my calling very seriously. I want to be a blessing to you and your family. I want to know when you or a family member goes into the hospital, so I can come and read Scripture and pray with you. I want you to call me and let me know of any special prayer needs I can pray with you about. If you have any questions about choir, the music ministry, or our church in general, I want you to feel free to ask. My home number is \_\_\_\_\_. My office number is \_\_\_\_\_. I'm your pastor 24 hours a day, 7 days a week. I am happiest when I can be a blessing to you.

I'm so looking forward to serving the Lord together with you again in the days ahead. May God richly bless you and yours.

"Sing"cerely

---

Minister of Music
